

March 24, 2010

Dear JSHI Member

The HLA Nomenclature Report 2010 is now published and available to download from Tissue Antigens. We are very grateful to Tissue Antigens for making the report available as a free download.

The report contains all the information on the new format HLA allele names due to come into operation on 1st April 2010, and other additions to the HLA Nomenclature.

Best wishes

Steven Marsh
