Dr. Pattara Khamrin is a Thai citizen. She earned her B.Sc. in Medical Technology and M.Sc. in Microbiology (Virology) at Chiang Mai University, Thailand in 1998 and 2004. At Chiang Mai University, she studies about molecular epidemiology of group A rotavirus in hospitalized children with diarrhea. Dr. Pattara received The Japanese Government Scholarship (Monbukagakusho; MEXT) for Ph.D. study at the University of Tokyo, Japan in 2004. She received her doctorate in 2008 and continued her research in Japan as a postdoctoral-fellow at Aino Health Science Center, Aino University, Tokyo, Japan.

Dr. Pattara's research interests have focused on molecular epidemiology of viral gastroenteritis, development of a rapid diagnostic test and vaccine for those viruses. She has authored and co-authored more than 40 research papers and 3 book chapters during her Ph.D. study and postdoctoral training.
