

Upgrade of Online Submission System

Our online submission system will be upgraded on April 25, 2011 from the current J-STAGE 2 to J-STAGE 3 (ScholarOne Manuscripts: see: <http://scholarone.com/products/manuscript/>). Because of the upgrade maintenance, **Initial Manuscript Submission will not be available on April 23 (Sat.) and 24 (Sun.), 2011.**

If you log in at <http://ess.jstage.jst.go.jp/contrib/endocrj/initialsubmission/-char/en> after April 25, 2011, you will find our new Initial Manuscript Submission screen.

Manuscripts received by the Office earlier than April 23 will be processed in J-STAGE 2 until it is released for advance publication (or the reviewing process is completed).
