日時：令和 6 年 3 月 6 日(水) 14 : 30~15 : 30

場所：医学部 2 号館（本館）1 階小講堂

演者： Dr. Sandro Galea, MD, DrPH

(所属) Dean and Robert A. Knox Professor at Boston University School of Public Health

演題： Charting a path for health in the coming decades: Lessons from the US

紹介： Prof. Sandro Galea is Dean and Robert A. Knox Professor at Boston University School of Public Health. Also, he is the professor of Family Medicine at Boston University School of Medicine. His latest book, "Within Reason: A Liberal Public Health," was published by University of Chicago Press in 2023, recently reviewed in The Lancet.

In the talk, Prof. Sandro Galea will present on the themes of this book, on how public health might reflect on its actions during the pandemic to learn for future crises. he will cover the state of health before the pandemic, how our health is shaped by the world around us, and how we can move towards a healthier world. We will discuss on the reason why liberal values such as free speech, open debate, and rational inquiry are important for public health work.
