

## Day 1 (Monday, May 18, 2009)

### Opening

9:30 – 9:40

Opening Address

Atsushi Ohtsu  
National Cancer Center Hospital East  
Chiba, Japan

9:40 – 9:50

Welcome and Introduction

Takashi Sugimura  
National Cancer Center  
Tokyo, Japan

### Session 1: **Epidemiology and etiology of head and neck and esophageal cancer**

**Chairpersons: Wong-Ho Chow**

**Anthony T.C. Chan**

9:50 – 10:05

Epidemiology of head and neck cancer and esophageal cancer

Shoichiro Tsugane  
Research Center for Cancer Prevention  
and Screening, National Cancer Center  
Tokyo, Japan

10:05 – 10:25

Human papillomavirus and head and neck cancer

Amanda Psyrrri  
Yale University  
New Haven, USA

**10:25 – 10:45**

**Coffee Break**

10:45 – 11:00

Polymorphism of ALDH2 and ADH1B and esophageal squamous cell carcinoma

Akira Yokoyama  
NHO Kurihama Alcoholism Center  
Yokosuka, Japan

11:00 – 11:20

Esophageal adenocarcinoma: Global incidence patterns and clues to etiology

Wong-Ho Chow  
National Cancer Institute  
Bethesda, USA

11:20 – 11:40 EBV and NPC: Diagnostic and therapeutic opportunities  
Anthony T.C. Chan  
Prince of Wales Hospital,  
Chinese University of Hong Kong  
and Queen Elizabeth Hospital,  
Hong Kong

11:40 – 12:00 **Discussion**

12:00 – 13:30 **Lunch**

**Session 2: Diagnosis**

**Chairpersons: Jeffrey Lee**

**Yuichiro Doki**

**1) Diagnosis for early cancers**

13:30 – 13:45 Clinicopathology of superficial squamous cell carcinoma of oropharyngeal and hypopharyngeal mucosa

Atsushi Ochiai

National Cancer Center Hospital East

Chiba, Japan

13:45 – 14:00 Narrow Band Imaging (NBI) in early detection of head and neck cancer and esophageal cancer

Manabu Muto

Kyoto University

Kyoto, Japan

14:00 – 14:20 **Discussion**

**2) Staging**

14:20 – 14:35 Usefulness of PET-CT for evaluating the effect of neoadjuvant chemotherapy in esophageal squamous cell carcinomas

Yuichiro Doki

Osaka University

Osaka, Japan

14:35 – 14:55 EUS-FNA in the staging of esophageal cancer

Jeffrey Lee

MD Anderson Cancer Center

Houston, USA

**14:55 – 15:15      Discussion**

**15:15 – 15:35      Coffee Break**

**Session 3:            Endoscopic treatment**

**Chairpersons:    Kenneth K Wang  
                         Manabu Muto**

15:35 – 15:50      Endoscopic mucosal resection for early head and neck cancer  
                                 Tomonori Yano  
                                 National Cancer Center Hospital East  
                                 Chiba, Japan

15:50 – 16:05      Endoscopic submucosal dissection(ESD) for early esophageal cancer  
                                 Tsuneo Oyama  
                                 Saku Central Hospital  
                                 Nagano, Japan

16:05 – 16:25      Endoscopic treatment for Barrett's Esophagus and early esophageal cancer  
                                 Kenneth K. Wang  
                                 Mayo Clinic,  
                                 Rochester, USA

**16:25 – 16:45      Discussion**

## Day 2 (Tuesday, May 19, 2009)

**Session 4: Surgical treatment**

**Chairpersons: Rainald Knecht  
Yuji Tachimori**

- |                      |  |
|----------------------|--|
| 9:00 – 9:15          | Conservation laryngeal surgery for hypopharyngeal carcinoma<br>Ryuichi Hayashi<br>National Cancer Center Hospital East<br>Chiba, Japan   |
| 9:15 – 9:35          | Salvage surgery after chemoradiotherapy for<br>head and neck cancer<br>Rainald Knecht<br>University Medical Center<br>Hamburg-Eppendorf,<br>Hamburg, Germany   |
| 9:35 – 9:50          | Rational extent of lymphadenectomy based on the anatomy of<br>lymphatic drainage for esophageal squamous cell carcinoma<br>Yuji Tachimori<br>National Cancer Center Hospital<br>Tokyo, Japan                 |
| 9:50 – 10:10         | Surgical treatment of esophageal adenocarcinoma including<br>minimally invasive techniques<br>Wolfgang Schröder<br>Department of Visceral and Vascular<br>Surgery, University of Cologne<br>Cologne, Germany |
| 10:10 – 10:25        | Thoracoscopic radical esophagectomy for cancer<br>Harushi Osugi<br>Osaka City University<br>Osaka, Japan   |
| <b>10:25 – 10:45</b> | <b>Coffee Break</b>  |

**Session 4: Combined modalities**

**Chairpersons: Merrill Kies  
Masato Fujii**

**1) Head and Neck Cancer**

10:45 – 11:05 Role of induction chemotherapy for locally advanced squamous cell carcinoma of the head and neck (SCCHN)

Merrill Kies  
MD Anderson Cancer Center  
Houston, USA

11:05 – 11:25 Role of IMRT in combined treatment

David I. Rosenthal  
MD Anderson Cancer Center  
Houston, USA

11:25 – 11:40 Control of neck metastasis after completion of Chemoradiotherapy for advanced head and neck cancer

Masato Fujii  
NHO Tokyo Medical Center  
Tokyo, Japan

**11:40 – 12:00 Discussion**

**12:00 – 13:30 Lunch**

**2) Esophageal cancer**

**Chairpersons: Bryan Burmeister  
Nobutoshi Ando**

13:30 – 13:45 Adjuvant chemotherapy for localized squamous cell of the esophagus in Japan

Nobutoshi Ando  
Tokyo Dental College Ichikawa General  
Hospital, Ciba, Japan

- 13:45 – 14:05      The role of preoperative or definitive chemoradiotherapy  
in esophageal cancer – an evidence based approach  
Bryan Burmeister  
University of Queensland  
Princess Alexandra Hospital  
Brisbane, Australia
- 14:05 – 14:20      Definitive chemoradiotherapy for esophageal cancer in Japan  
Ken Kato  
National Cancer Center Hospital  
Tokyo, Japan
- 14:20 – 14:35      Chemoradiotherapy (CRT) combined with endoscopic treatment  
for stage I esophageal cancer  
Keiko Minashi  
National Cancer Center Hospital East  
Chiba, Japan
- 14:35 – 14:55      Discussion**

## Day 3 (Wednesday, May 20, 2009)

**Session 5: New modalities and agents**

**Chairpersons: Waun Ki Hong**

**Jaffer A Ajani**

- |                      |   |
|----------------------|---|
| 9:00 – 9:20          | Personalized target chemoprevention in head and neck cancer<br>Waun Ki Hong<br>MD Anderson Cancer Center<br>Houston, USA                                    |
| 9:20 – 9:40          | Defining clinical biology through translational research in gastroesophageal cancer<br>Jaffer Ajani<br>MD Anderson Cancer Center<br>Houston, USA            |
| 9:40 – 9:55          | Prediction of therapeutic response and prognosis of esophageal cancer with microarrays<br>Hiroki Sasaki<br>National Cancer Center Institute<br>Tokyo, Japan |
| 9:55- 10:10          | Proton beam therapy for head and neck cancer<br>Takashi Ogino<br>National Cancer Center Hospital East<br>Chiba, Japan                                       |
| 10:10 – 10:30        | Radiobiological response of cancer cells for radiation and molecular target agents<br>Tetsuo Akimoto<br>Tokyo Women's Medical University,<br>Tokyo, Japan   |
| <b>10:30 – 10:50</b> | <b>Coffee Break</b>   |

**Session 5: New modalities and agents**

**Chairpersons: Jan B. Vermorken  
Atsushi Ohtsu**

10:50 – 11:10	Cetuximab in the treatment of head and neck cancer	Jan B. Vermorken University Hospital Antwerp Antwerp, Belgium
11:10 – 11:25	S-1 and radiotherapy	Makoto Tahara National Cancer Center Hospital East Chiba, Japan
11:25 – 11:45	Novel target for head and neck squamous cell carcinoma - the world after EGFR	Tanguy Seiwert University of Chicago Medical Center Chicago, USA
<b>11:45 – 12:05</b>	<b>Discussion</b>	
<b>Closing</b>		
12:05 – 12:25	Closing Address	Jan B. Vermorken University Hospital Antwerp Antwerp, Belgium
		Atsushi Ohtsu National Cancer Center Hospital East Chiba, Japan
<b>12:25 – 14:00</b>	<b>Lunch</b>
