

### List of Case Exhibits

Presentation No.	Submission No.	Name of Author		Name of Author's Institution	Title of Abstract	Category
CE-001	20001	PARK	Juhwan	Department of Orthodontics, School of Dentistry, Seoul National University	Staged approach of midface hypoplasia and Class III malocclusion in a patient with Crouzon syndrome	15. Surgical-orthodontic treatment
CE-002	20016	LEE	Tzu-Hsin	Department of Orthodontics, Changhua Christian Hospital	Application of Digital Orthodontics in Skeletal Class III with Orthognathic Surgery Case	15. Surgical-orthodontic treatment
CE-003	20017	AHN	Tae-Hoon	Department of Orthodontics, Seoul National University	Orthognathic surgical approach for treatment of skeletal class II patient with retrognathic mandible	15. Surgical-orthodontic treatment
CE-004	20015	ZHUANG	De-lun	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for nonsurgical treatment of skeletal Class II malocclusion combined with facial asymmetry	23. Maxillary protrusion
CE-005	20021	KO	SooMin	Department of Orthodontics, Seoul National University Dental Hospital	Treatment of skeletal class II malocclusion with centric relation-maximum intercuspation discrepancy using orthodontic mini-implants	23. Maxillary protrusion
CE-006	20005	FAN	Yu	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of Angle Class III case with mandibular three incisors	24. Mandibular protrusion
CE-007	20008	CHENG	Yi-Mien	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of skeletal Class III with unilateral buccally positioned high canine	24. Mandibular protrusion
CE-008	20009	CHEN	Pin-Yu	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of adult Angle Class III with anterior cross bite	24. Mandibular protrusion
CE-009	20010	HUANG	Chun-Yi	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of adult skeletal Class III with anterior crossbite	24. Mandibular protrusion
CE-010	20011	CHEN	Yi-Mei	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of skeletal Class III with anterior crowding and molar protraction	24. Mandibular protrusion
CE-011	20003	YANG	Ching-Yu	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for Skeletal Class II Malocclusion Combined with Deep Overbite	25. Deep bite
CE-012	20004	LIN	Po-Jui	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for skeletal Class I malocclusion combined with asymmetric extraction, deep overbite and lingual crossbite.	25. Deep bite
CE-013	20014	JENG	Hsuan	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for skeletal Class II malocclusion combined with deep overbite and anterior crowding	25. Deep bite
CE-014	20006	LI	Pei-Hsuan	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of skeletal Class II open bite case	26. Open bite
CE-015	20019	JAEHYUN	KIM	Department of Orthodontics, Seoul St. Mary's Hospital, The Catholic University of Korea	Surgical-orthodontic treatment including selective premolars intrusion for skeletal Class III malocclusion with vertical discrepancies	26. Open bite

### List of Case Exhibits

Presentation No.	Submission No.	Name of Author		Name of Author's Institution	Title of Abstract	Category
CE-016	20022	OH	Yoon-Kyo	Department of Orthodontics, Seoul National University	Treatment of skeletal class II open bite with temporomandibular disorder using stabilization splint and miniscrews	26. Open bite
CE-017	20007	YANG	Tsung-Han	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of Angle Class I malocclusion combined with retroclined anterior teeth	28. Crowding
CE-018	20012	CHANG	Sean, Yu-hsiang	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for the treatment of Angle Class II malocclusion combined with a blocked-in lateral incisor	28. Crowding
CE-019	20013	CHEN	Yi-De	Department of Orthodontics, China Medical University Hospital Medical Center	ISW for skeletal Class I malocclusion combined with anterior crowding	28. Crowding
