

**List of Case Exhibits**

| Presentation No. | Submission No. | Name of Author |            | Name of Author's Institution  | Title of Abstract  | Category   |
|------------------|----------------|----------------|------------|---|--|--|
| CE-001           | 20006          | Chih-Chieh     | LIN        | Department of Orthodontics (Department of General Practice), China Medical University and Hospital Medical Center, Taiwan, R.O.C. | Consideration of the maxillary canine impaction treatment combined with ISW and miniscrew              | 14. Orthodontic appliances and treatment mechanics |
| CE-002           | 20007          | Ching-Yu       | YANG       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for unilateral mandibular third molar replacing second molar: a case report                        | 14. Orthodontic appliances and treatment mechanics |
| CE-003           | 20008          | Chun-Yi        | HUANG      | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class III with facial asymmetry case                                 | 14. Orthodontic appliances and treatment mechanics |
| CE-004           | 20009          | Yi-Mei         | CHEN       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for nonsurgical treatment of skeletal Class III malocclusion combined with upper anterior crowding | 14. Orthodontic appliances and treatment mechanics |
| CE-005           | 20010          | Tsung-Han      | YANG       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of Angle Class I malocclusion combined with anterior protrusion                  | 14. Orthodontic appliances and treatment mechanics |
| CE-006           | 20011          | Po-Jui         | LIN        | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for nonsurgical treatment of skeletal Class II malocclusion combined with large overjet case       | 14. Orthodontic appliances and treatment mechanics |
| CE-007           | 20012          | Yu             | FAN        | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of Angle Class III case with anterior open bite and crossbite                    | 14. Orthodontic appliances and treatment mechanics |
| CE-008           | 20013          | Hsuan          | JENG       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for skeletal Class I malocclusion combined with congenital missing and anterior spacing            | 14. Orthodontic appliances and treatment mechanics |
| CE-009           | 20014          | Yu-Hsiang      | CHANG      | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class III combined with anterior crossbite case                      | 14. Orthodontic appliances and treatment mechanics |
| CE-010           | 20015          | William        | YIN        | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class III with lower anterior crowding                               | 14. Orthodontic appliances and treatment mechanics |
| CE-011           | 20016          | Chia-Jung      | HO         | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class II with high canine and posterior scissors bite                | 14. Orthodontic appliances and treatment mechanics |
| CE-012           | 20017          | Yi-Mien        | CHENG      | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class II with anterior crowding case                                 | 14. Orthodontic appliances and treatment mechanics |
| CE-013           | 20018          | Pin-Yu         | CHEN       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of adult skeletal Class II with severe deep bite                                 | 14. Orthodontic appliances and treatment mechanics |
| CE-014           | 20019          | DE-LUN         | ZHUANG     | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of Angle Class II malocclusion combined with severe anterior crowding case       | 14. Orthodontic appliances and treatment mechanics |
| CE-015           | 20020          | Yu-Wei         | LI         | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of skeletal Class II with two lower incisors case                                | 14. Orthodontic appliances and treatment mechanics |
| CE-016           | 20021          | Chiu-Hsuan     | SHIH       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of Class I malocclusion with anterior crossbite                                  | 14. Orthodontic appliances and treatment mechanics |
| CE-017           | 20022          | Kai-Jen        | YANG       | Department of Orthodontics, China Medical University and Hospital Medical Center, Taiwan, R.O.C.                                  | ISW for the treatment of adult Angle Class I with severe crowding and large overjet                    | 14. Orthodontic appliances and treatment mechanics |
| CE-018           | 20025          | Pimsiri        | KANPITTAYA | Department of Orthodontics, Chulalongkorn University  | Treatment of class II open bite with autorotation by upward backward force system                      | 14. Orthodontic appliances and treatment mechanics |
