

# Time Table

## Day 1 Thu. 6 Jul.

	<b>Hall 1</b> (2F sola city Hall)	<b>Hall 2</b> (1F Room C)	<b>Hall 3</b> (1F Room B)	<b>Hall 4</b> (1F Room A)
9:00	8:50~9:00 <b>Opening Remarks</b>			
	9:00~9:30 <b>Chairman's lecture</b>			
10:00	9:35~11:05 <b>Special Program 1</b> Big Debate: Your choice of approaches to benign skull base tumors - transcranial microscope (exoscope), transcranial endoscope, transnasal endoscope	9:35~10:35 <b>Symposium 3</b> Master the art of surgery: Malignant tumors infratemporal fossa and pterygopalatine fossa	9:35~10:25 <b>Symposium 6</b> Master the art of surgery: External auditory canal cancer	9:35~10:23 <b>General presentation 4</b> Reconstruction of the skull base and cranial bones
		10:40~11:40 <b>Symposium 4</b> Simulation and Monitoring	10:30~11:30 <b>Symposium 7</b> Master the art of surgery: Facial nerve reconstruction in skull base surgery	10:25~11:13 <b>General presentation 5</b> Head and neck diseases
11:00	11:05~12:05 <b>Symposium 1</b> What is minimally invasive surgery in skull base surgery?			11:15~12:03 <b>General presentation 6</b> Tumors of infratemporal fossa and pterygopalatine fossa
12:00				
13:00	12:10~13:10 <b>Luncheon seminar 1</b>	12:10~13:10 <b>Luncheon seminar 2</b>	12:10~13:10 <b>Luncheon seminar 3</b>	
	13:20~14:20 <b>Overseas invited lecture 1</b>			
15:00	14:25~15:25 <b>Special Program 2</b> Paraganglioma, up to date			
16:00	15:30~16:50 <b>Symposium 2</b> Learning from recurrent cases: Olfactory neuroblastoma	15:30~16:34 <b>General presentation 1</b> Vestibular schwannoma	15:30~16:26 <b>General presentation 2</b> Surgical tips and innovation 1	15:30~16:18 <b>General presentation 7</b> Anatomy
			16:30~17:10 <b>General presentation 3</b> Function	16:20~17:16 <b>General presentation 8</b> Surgical tips and innovation 2
17:00	17:00~18:30 <b>Special Symposium</b> Master the art of surgery: Vestibular schwannoma	17:10~18:30 <b>Symposium 5</b> Master the art of surgery: Skull base surgery in cerebrovascular disease		17:20~18:16 <b>General presentation 9</b> Surgical tips and innovation 3
			17:30~18:30 <b>Evening seminar</b>	
18:00				
	18:30~19:30	<b>Bear Party</b>		

## Day 2 Fri. 7 Jul.

	<b>Hall 1</b> (2F sola city Hall)	<b>Hall 2</b> (1F Room C)	<b>Hall 3</b> (1F Room B)	<b>Hall 4</b> (1F Room A)
8:00		8:00~9:00 <b>Meeting</b>		
9:00	9:00~10:00 <b>Overseas invited lecture 2</b>			
10:00	10:15~11:15 <b>Symposium 8</b> Surgical approach to cavernous sinus lesions	10:00~10:56 <b>General presentation 10</b> Malignant tumors	10:00~10:56 <b>General presentation 11</b> Cerebrospinal fluid leakage	10:00~10:56 <b>General presentation 16</b> Case report
11:00		10:57~11:57 <b>Symposium 10</b> Master the art of surgery: Malignant tumors infratemporal fossa and pterygopalatine fossa	11:00~11:56 <b>General presentation 12</b> Meningioma	11:00~11:56 <b>General presentation 17</b> Transnasal endoscopic surgery
12:00	12:05~13:05 <b>Luncheon seminar 4</b>	12:05~13:05 <b>Luncheon seminar 5</b>	12:05~13:05 <b>Luncheon seminar 6</b>	
13:00	13:10~13:20 <b>General Meeting</b> 13:20~14:00 <b>Commemorative lecture</b>			
14:00	14:00~15:00 <b>Special Program3</b> The present and future of cadaveric surgical training	14:20~15:10 <b>Symposium 11</b> Master the art of surgery: Primary and secondary reconstruction of resected surrounding tissue in anterior skull base surgery	14:20~15:00 <b>General presentation 13</b> cerebrovascular disease	14:20~15:16 <b>General presentation 18</b> Infection/trauma
15:00	15:00~16:00 <b>Symposium 9</b> Master the art of surgery: Transnasal endoscopic surgery for parasellar lesions	15:20~16:20 <b>Symposium 12</b> My experience with high complexity surgery (only surgeons under 45) 1	15:05~15:53 <b>General presentation 14</b> Exoscope	15:20~16:24 <b>General presentation 19</b> Benign tumors and others
16:00	16:00~17:30 <b>Educational Seminar</b>	16:30~17:20 <b>Symposium 13</b> My experience with high complexity surgery (only surgeons under 45) 2	16:00~17:04 <b>General presentation 15</b> Transcranial endoscopic surgery	16:30~17:18 <b>General presentation 20</b> Surgical Instruments
17:00	17:30~17:35 <b>Closing Remarks</b>			
18:00
