How to submit your manuscript to Plant Morphology

Taro Keitai¹, Hanako Keitai²

¹Department of Keitai, Shokubutu Univ., Katahira 2-1-1, Aoba-ku, Sendai, Miyagi, 980-8577, Japan ²Division of Plant Morphology, Institute of Plant, Bunkyo-cho 3 Hirosaki, Aomori, 036-8561, Japan Author for correspondence: T. Keitai, e-mail address

Summary: Summary must not be longer than 250 words.

Key words: cryoprotectant, cytoskeleton, freeze substitution, high-pressure freezing, vitrification (List around five key words in alphabetical order.)

INTRODUCTION

MATERIALS AND METHODS

Plant materials

When publications are referred in the text, enclose the author's name and the year of publication within brackets. For single author, write author's name and the year (Sameshima 2006). For two authors, describe both names and the year (Sameshima and Miyazawa 2006). For more than three authors, write the first author and "et al." (Sameshima et al. 2006). When two publications were cited, describe as follows (Banno and Chua 2000, Favery et al. 2004), or (Pickett-Heaps and Northcote 1966a, 1966b, Gunning and Wick 1985).

RESULTS

When publications are referred in the text, there could be cases such as follows.

Marcus et al. (2005) suggested that

Mineyuki and Gunning (1990) proposed that

...... is possible (Figure 5, Karahara et al. 2010).

DISCUSSION

List of references has to be arranged alphabetically according to the first author. Subsequent lines must be indented. Scientific names should be italicized.

ACKNOWLEDGEMENTS

The list of references will appear on the J-Stageweb site in the same way. Please be careful not to make mistakes.
